

The closest **metro** station is **Vandervelde** on line 1 Stockel - Weststation, a two-minute walk from the incubator. **Buses 42** and **79** also stop nearby.

If you are arriving by car, the BLSI incubator has its own secure **car park "Campanile -1"** ( Do not confuse this with Campanile - 2! ). Ring the intercom and the BLSI Reception will give you the **code** number to enter and exit the car park.

After parking in one of the spaces marked in orange, reopen the entry barrier by entering this code using the digital keypad a few metres away. Turn right and walk approximately 70 metres to the entrance to our building called "École de Santé Publique".

Take the lift to the **6<sup>th</sup> floor**.
